Throughout history, Fortuna has been depicted as well with ship's rudder, and ball and wheel. In addition, the ancient coins on the tickets contain the image of FORTUNA, the Roman female personification of fortune. If you're considering a holiday ticket, have a look at the special designs created specifically for the holiday season!
- **GOLD BULLION TOP PRIZE:** For lotteries who wish to offer players something unique, GOLD BULLION BARS OR COINS can be offered as special top prizes or mid-tier prizes. More... FORTUNA; Goddess of Gold Messages

(Over 300 to choose from!)

Forward movement, even if tiny, is movement in the right direction. Don't second-guess yourself.

This week, treat any difficulty as though it were an opportunity—even if it seems crazy. See what happens.

Choose one day this week to treat yourself with extra special attention.

Focus on what you want and choose your actions accordingly. Try and be PRESENT today more than ever before.

Act as though those around you are family, and you will never feel alone.

Be spontaneous. Life is about joy and growth, love and creativity. Live it!

Do things that lighten your heart: Sing, dance, paint, play, or give someone a hug!

Your energy is your life force. Use it wisely and with kindness!

At any given moment the power is yours to make your dreams come true.

Embrace the word SOLUTIONS, and let go of the word 'problems.'

You are multitalented and have so much to offer the world! Waste time no more.

If you feel down or out of sorts, try helping someone else through a random act of kindness. See what happens!

Moving ahead does not always mean moving forward. Fear not if your path twists and turns.

If you can see you life as a movie, know that you are the director and the writer!

Think about CHANGE. Pick something little or big and make a change. See what happens!

Listen to others the way you want them to listen to you. The esteem you show others will come back to you tenfold.

Meditate on POWER today. You are more powerful than you give yourself credit for.

Try to play like a child today. Do something that makes you truly happy and joyous!

Rejoice in your present by letting go of your past. Expectation, worry, and doubt are not your friends.

Your Goddess of Gold lucky numbers are:
17, 32, 4, 28, 30, 14

Imagine that all your worries and fears are really unfounded. Do that several times this week and see how you feel.

Calculated risk can bring good fortune. Don't be afraid to step out to the edge.

Smile at an unsuspecting person today and see what happens.

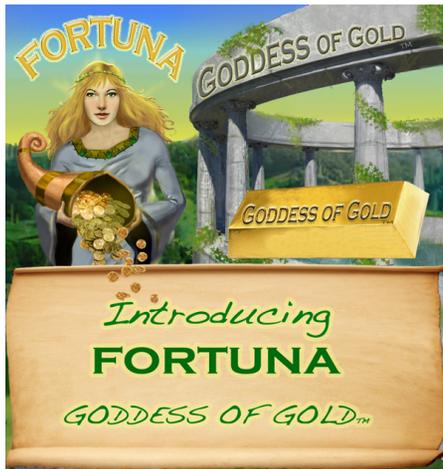

Your decisions, intentions, & commitments to others & yourself are keys to your great wealth.

If you can quiet your mind, and be very clear about what it is you want, guidance can come.

You are in charge of your own 'happy endings.' And there are gold times in store got you.

You life's purpose will not escape you if you tend to it with attention and honestly any chance you get.

Abundance is all around you, all you have to do is open your heart and look with different eyes.

**GOLD
RULES!**

First Gold ATM machines!!

It's December 2010 and America's first gold ATM is fully operational in Boca Raton FL.

The gold-leaf-covered machine at Boca Raton's Town Center Mall sits outside a gourmet chocolate store and works just like the two cash ATMs beside it. Shoppers insert cash or credit cards and use a computer touch-screen to choose the weight and style they want. The machine spits out the gold in a classy black box with a tamper-proof seal.

Even more impressive, the box has a direct feed to precious metals markets and updates its gold price every ten minutes to reflect market changes.

Gold Bar from Machine

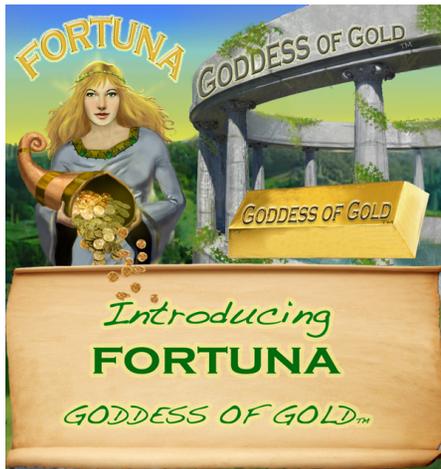

Does this mark the launch pad for gold prices to skyrocket even more? Certainly, it's proof that gold is beginning to be viewed as a currency instead of a commodity—and why not, since it's a lot more stable and valuable than cash!
